**IMPORTANT SAFETY INSTRUCTIONS
READ AND FOLLOW ALL INSTRUCTIONS**

Keep all flames and heat sources away from this tent fabric. We recommend that you always position your tent upwind from a camp fire. This will reduce the chances of having embers land on your tent. In case of fire, please find the exit to escape from the fire.

Never set up the tent near the river, under the tree of other objective hazards.

Keep exits clear.

Make sure ventilation openings are open all the time to avoid suffocation.
