SAFETY INSTRUCTIONS

Intended Use

The following safety guidelines are intended to prevent unforeseen risks or damage from unsafe or incorrect operation of the appliance. Please check the packaging and appliance on arrival to make sure everything is intact to ensure safe operation. If you find any damage, please contact the retailer or dealer. Please note modifications or alterations to the appliance are not allowed for your safety concern. Unintended use may cause hazards and loss of warranty claims.

Explanation of Symbols

Danger

This symbol indicates that there are dangers to the life and health of persons due to extremely flammable gas.

Warning of electrical voltage

This symbol indicates that there is a danger to life and health of persons due to voltage.

Warning

The signal word indicates a hazard with a medium level of risk which, if not avoided, may result in death or serious injury.

Caution

The signal word indicates a hazard with a low degree of risk which, if not avoided, may result in minor or moderate injury.

Attention

The signal word indicates important information (e.g. damage to property), but not danger.

Observe instructions

This symbol indicates that a service technician should only operate and maintain this appliance in accordance with the operating instructions.

Read these operating instructions carefully and attentively before using/commissioning the unit and keep them in the immediate vicinity of the installation site or unit for later use!

SAFETY INSTRUCTIONS

- If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified persons in order to avoid a hazard.
- The appliance must not be immersed.
- The heating element surface is subject to residual heat after use.
- If the kettle is overfilled, boiling water may be ejected.
- Do not use outdoors.
- The appliance is intended to be used in household and similar applications such as:
 - staff kitchen areas in shop, offices and other working environments;
 - farm houses;
 - by clients in hotels, motels and other residential type environments;
 - bed and breakfast type environments.
- This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved. Children shall not play with the appliance. Cleaning and user maintenance shall not be made by children unless they are older than 8 and supervised. Keep the appliance and its cord out of reach of children aged less than 8 years.

- WARNING: Misuse may cause potential injury.
- Please turn off and unplug the appliance before cleaning, maintenance or relocation and whenever it is not in use.
- The appliance is only to be used with the stand provided.
- Warning: Avoid spillage on the connector.

SPECIFICATIONS

Product Model	MID-MK-17D19A2
Voltage	220-240V~
Frequency	50/60Hz
Power	1850-2200W
Capacity	1.7L

PRODUCT OVERVIEW

Component Name

NOTE

Pictures in the manual are for reference only, and real objects within the packaging box will prevail in the end.

OPERATION INSTRUCTIONS

Brief Introduction

Rational design, bring convenience and enjoyment to your life

- Rapid boiling, save time and energy for you.
- Removable filter to keep the water clean of any foreign matter.
- Steam control to switch the kettle off after boiling.
- Dry pro-Automatically cuts out for boiltection.
- Easy read water gauge.
- Thermostat of high quality.
- 360 rotational power base.

How to Use

For the first time to use or no use for a long time, it is recommended that you fill to the maximum level mark with fresh tap water, boil and empty the kettle at least 2 times to clear kettle of any tiny particles. Do not drink such water.

1. Pull the lid lock on the lid backward, and you can open it.
2. Remove the kettle from the base to the filling place. Fill the kettle with desired amount (no less than the minimum and no more than the maximum.) Put back the lid; place the kettle back on the base unit.
3. Connect the plug into a power outlet (220-240V, AC), switch the kettle on by pressing the switch. The light will illuminate to indicate the kettle is heating.
4. The kettle will automatically switch off once the water has boiled and the neon light goes off.
5. Lift the kettle from the base, and you can pour out the water into container.

CLEANING AND MAINTENANCE

- To prolong the kettle's life, please clean the mineral deposits in the kettle regularly.
 - Always unplug from the plug socket and allow to cool down before cleaning.
 - Do not use chemical, steel wool, or abrasive cleaners to clean the outside of the kettle, as these will scratch the surface and fade the outside color.
1. Fill the kettle with 0.5L white vinegar and the remainder with water and allow to stand for over 1 hours;
 2. Empty the solution from the kettle. Wipe off the deposits remained with damp cloth.
 3. Fill the kettle with clean water, bring to boil and then discard the water. Repeat and the kettle will be ready to use;
 4. If necessary, repeat the operations above for several times;
 5. Do not immerse into water. The surface of the kettle may be wiped over with a damp cloth and polished with a soft dry cloth.
 6. Grasp the top of the scale filter and pull upwards to remove. Wash with clean water and dry thoroughly before replacing in the kettle.

TROUBLESHOOTING

Operation of your appliance can lead to errors and malfunctions. The following tables contain possible causes and notes for resolving an error message or malfunction. It is recommended to read the table below carefully in order to save your time and money that may cost for calling to the service center.

Problem	Cause	Solution
Indicator light does not work	• The plug is not inserted properly.	Check plug.
	• Loose connecting wire.	Send to the after-sales service point for maintenance.
Other problems	• The lamp is broken.	Send to the after-sales service point for maintenance.
	• Other faults of the product.	Send to the after-sales service point for maintenance.

DISPOSAL AND RECYCLING

Important instructions for environment

Compliance with the WEEE Directive and Disposing of the Waster Product:
This product complies with EU WEEE Directive (2012/19/EU). This product bears a classification symbol for waster electrical and electronic equipment (WEEE).

This symbol indicates that this product shall not be disposed with other household wastes at the end of its service life. Used device must be returned to official collection point for recycling of electrical electronic devices. To find these collection systems please contact to your local authorities or retailer where the product was purchased. Each household performs important role in recovering and recycling of old appliance. Appropriate disposal of used appliance helps prevent potential negative consequences for the environment and human health.

Compliance with RoHS Directive

The product you have purchased complies with EU RoHS Directive (2011/65/EU). It does not contain harmful and prohibited materials specified in the Directive.

Package information

Packaging materials of the product are manufactured from recyclable materials in accordance with our National Environment Regulations. Do not dispose of the packaging materials together with the domestic or other wastes. Take them to the packaging material collection points designated by the local authorities.

DATA PROTECTION NOTICE

For the provision of the services agreed with the customer, we agree to comply without restriction with all stipulations of applicable data protection law, in line with agreed countries within which services to the customer will be delivered, as well as, where applicable, the EU General Data Protection Regulation (GDPR).

Generally, our data processing is to fulfil our obligation under contract with you and for product safety reasons, to safeguard your rights in connection with warranty and product registration questions. In some cases, but only if appropriate data protection is ensured, personal data might be transferred to recipients located outside of the European Economic Area.

Further information are provided on request. You can contact our Data Protection Officer via **MideaDPO@midea.com**.
