

INSTALLATION INSTRUCTION

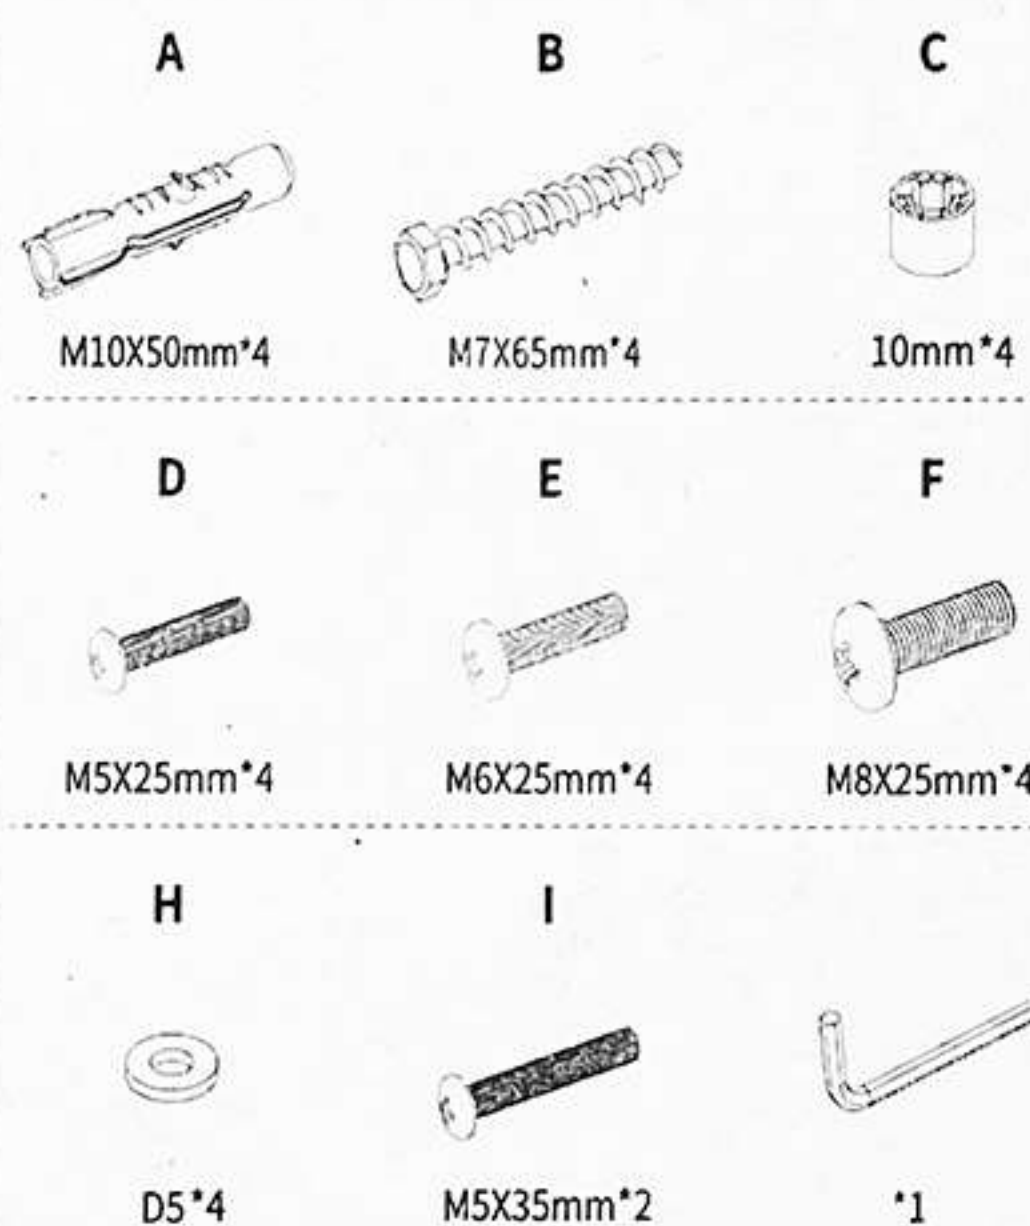

Parts List

TV Bracket *1

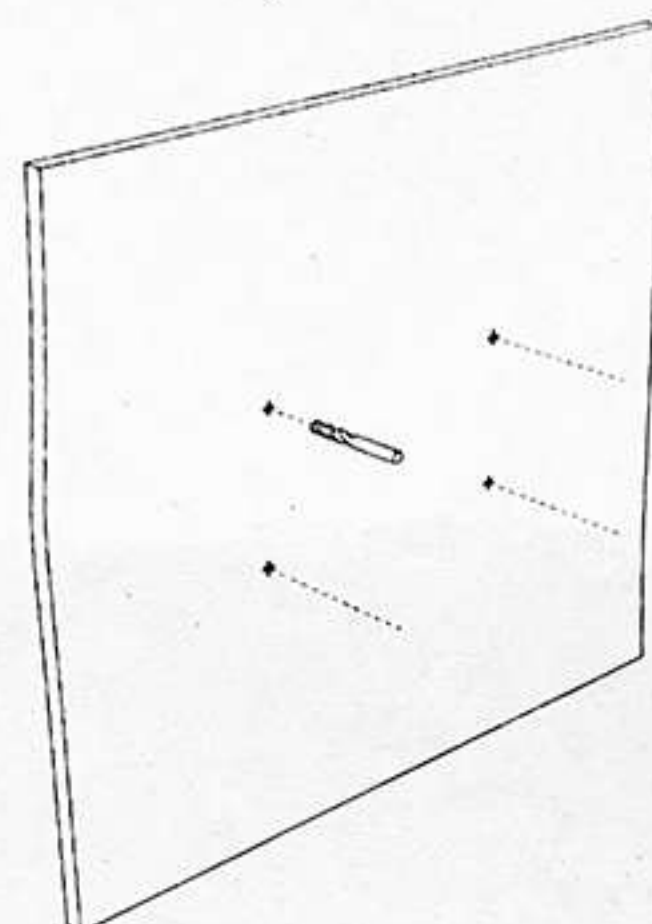

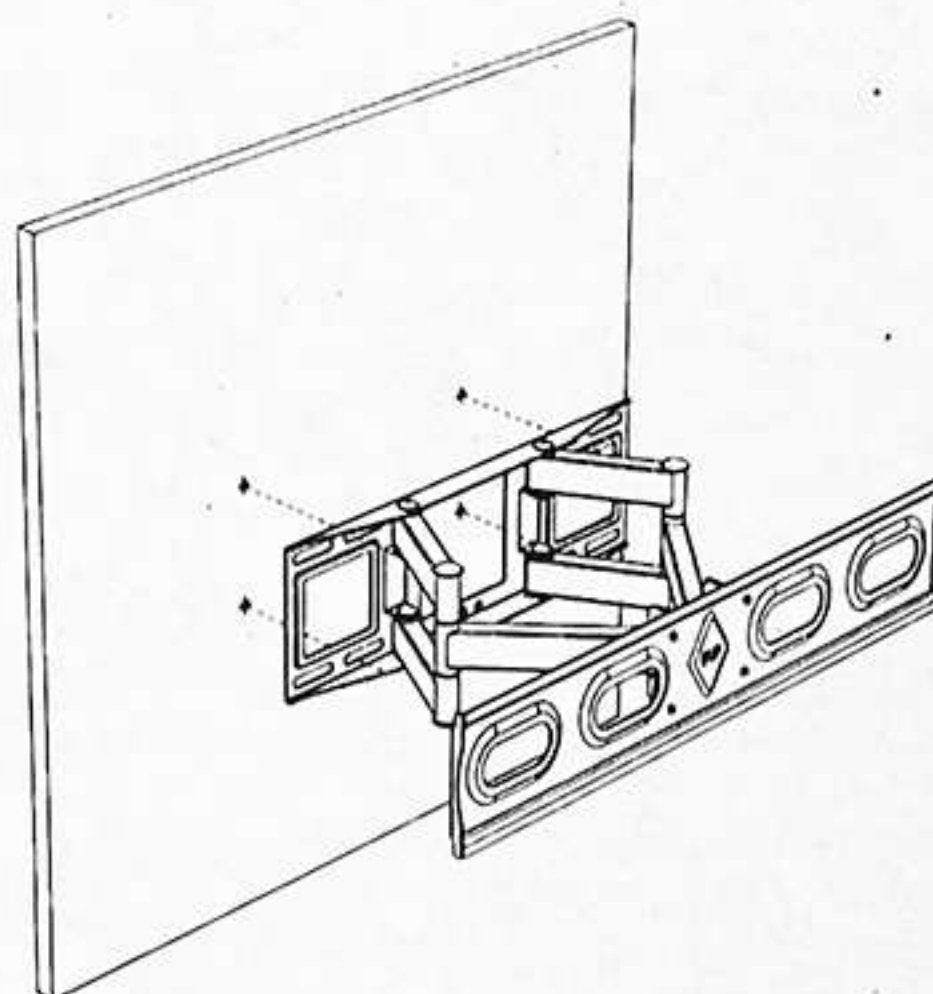

Cable ties *1

TV Bracket Arms*2

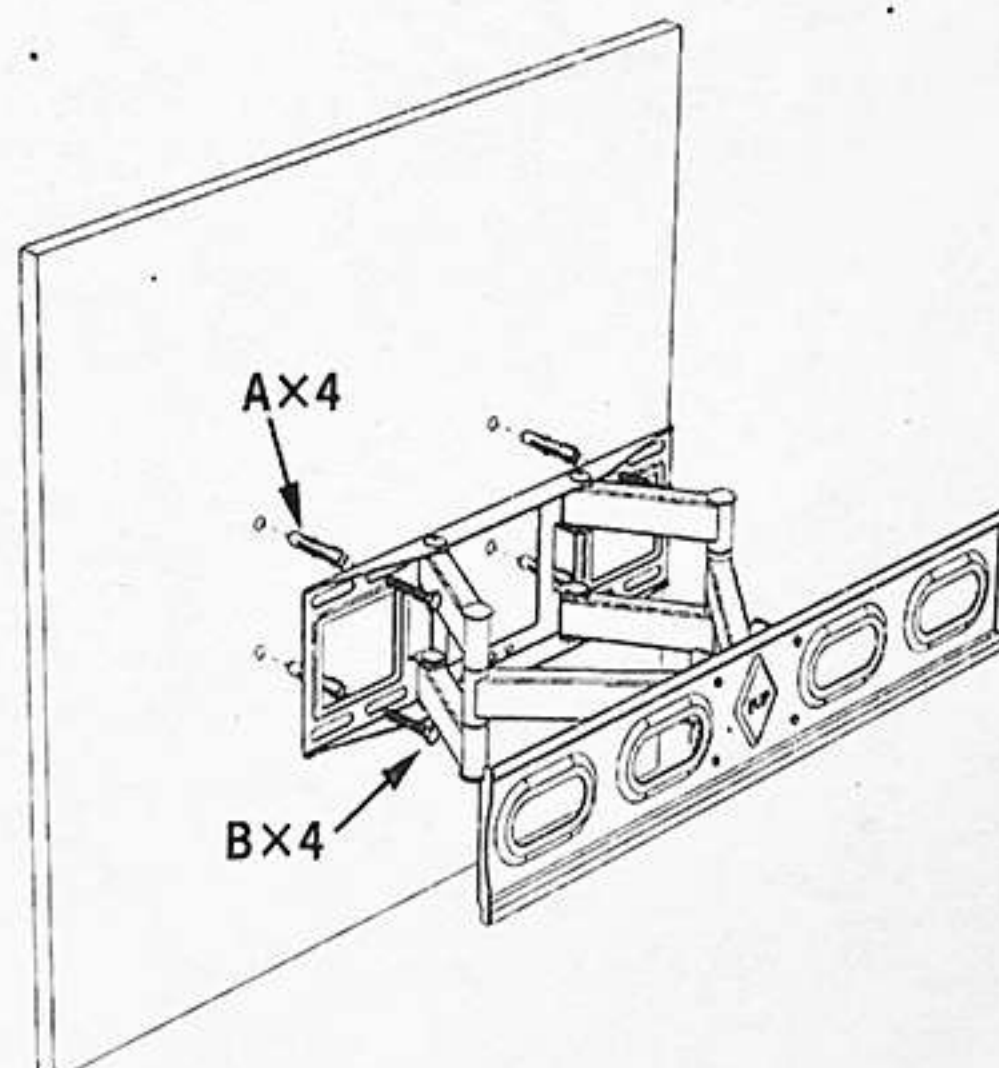

1. Install the Wall Plate Arm to the Wall

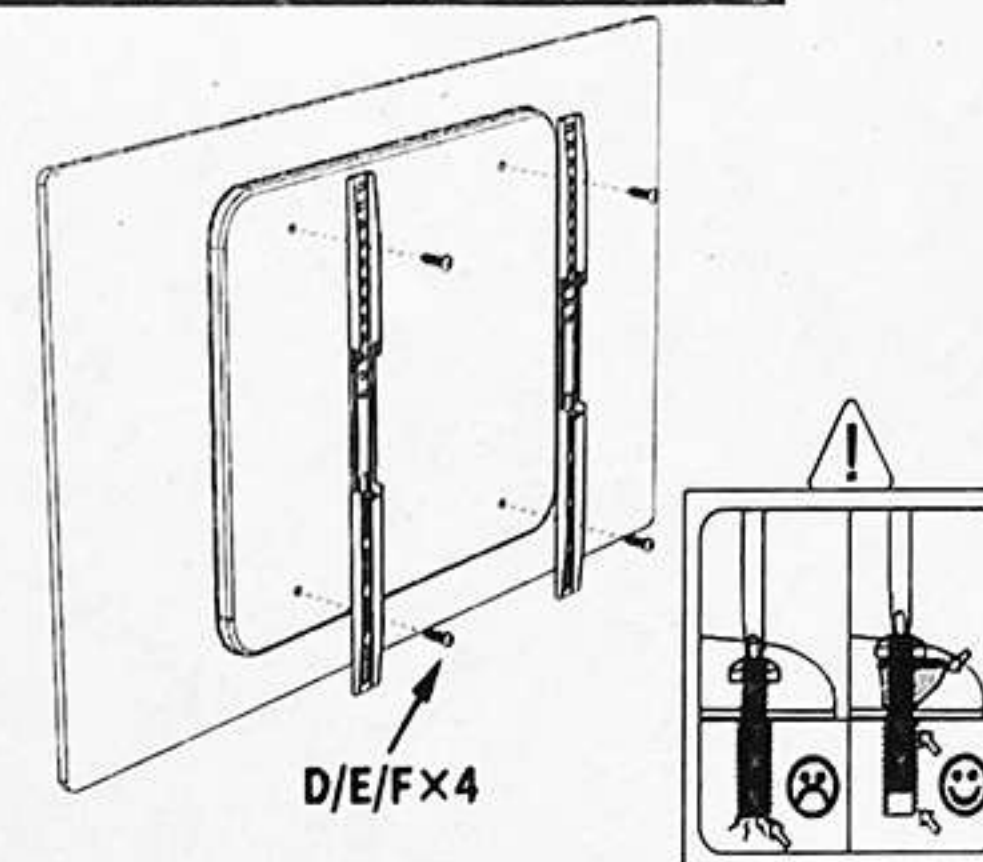

- ① Use the wall plate as a template to drill four holes of dia. 10mm and 70mm depth in the wall.

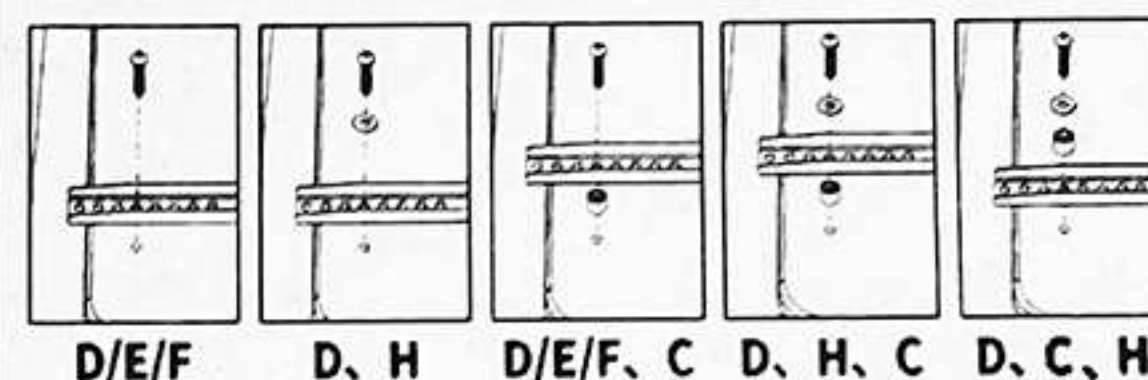

- ② Then wedge four plastic anchors into the holes. Put the wall plate on the wall, and then screw four lag bolts into each plastic concrete anchor.

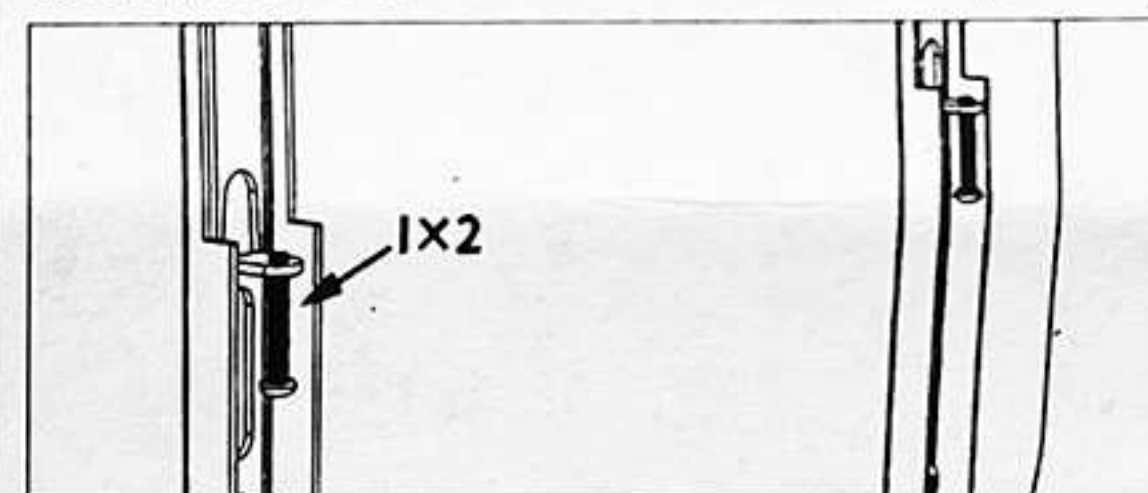

2. Attach TV Bracket Arms to the TV or Monitor

- ① Make sure the distance from each bracket to the top of the panel TV is equal, and also as center as possible. The parts shall be selected according to the dimensions of the holes in the back of the panel TV.

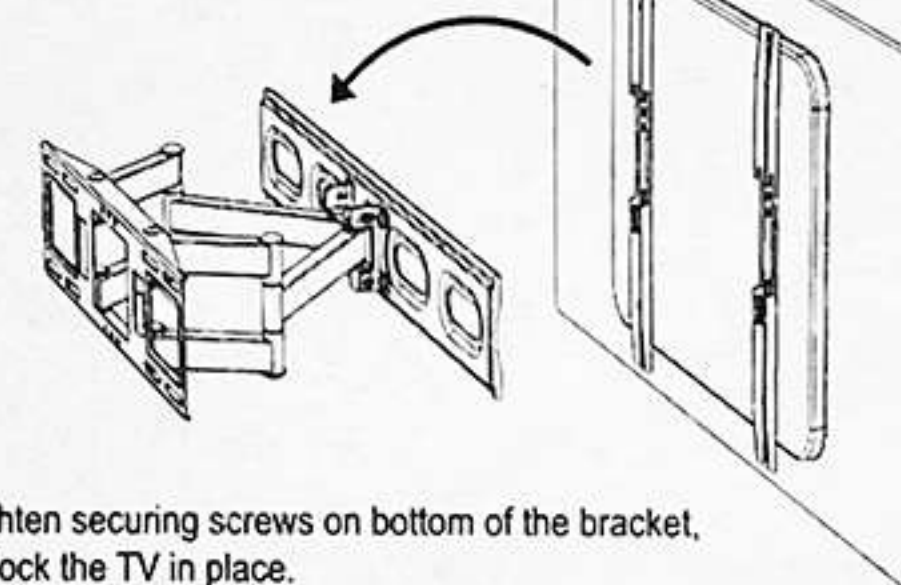

- ② Safety screw I is screwed to the TV bracket arms first (just a little).

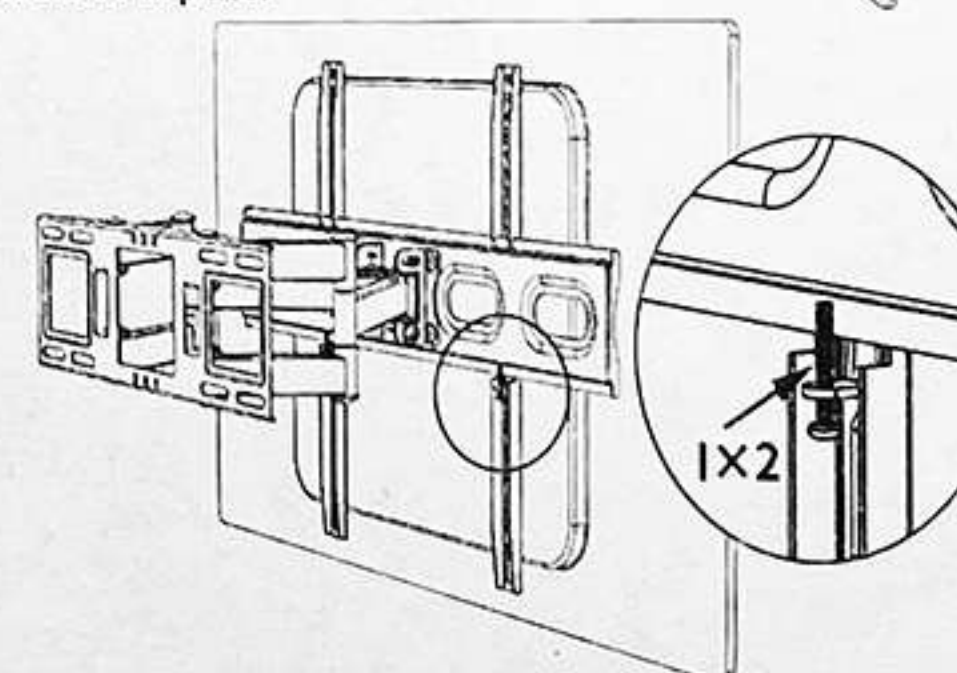

3. Hang TV to the mount and Lock the TV Bracket Arms

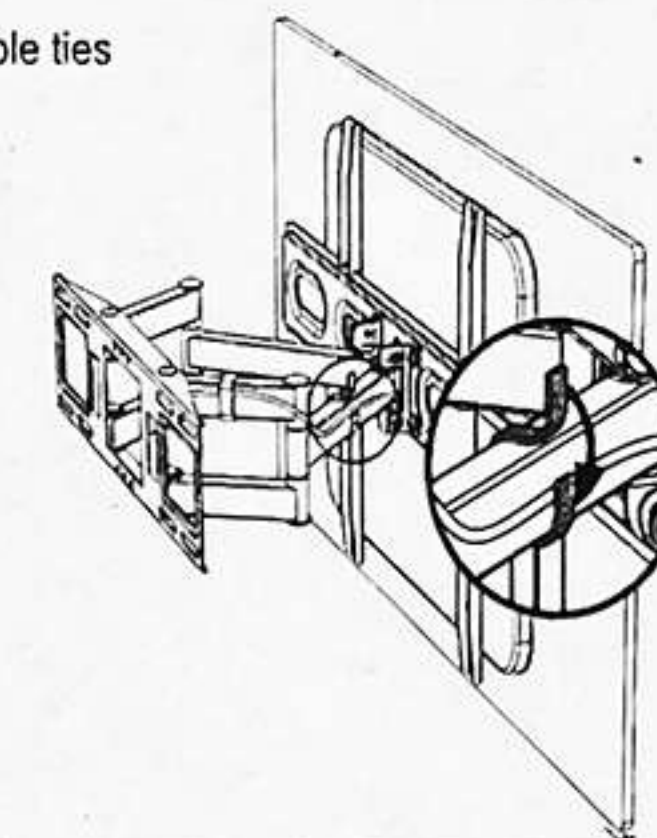

- ① Hang the TV bracket arms onto the plate.

- ② Tighten securing screws on bottom of the bracket, to lock the TV in place.

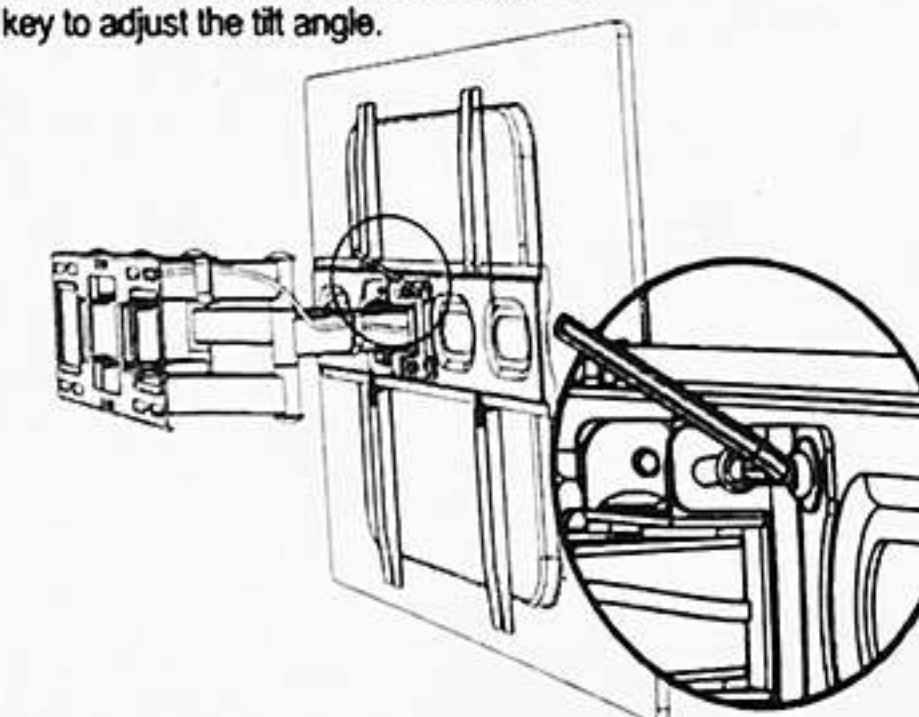

- ③ put on cable ties

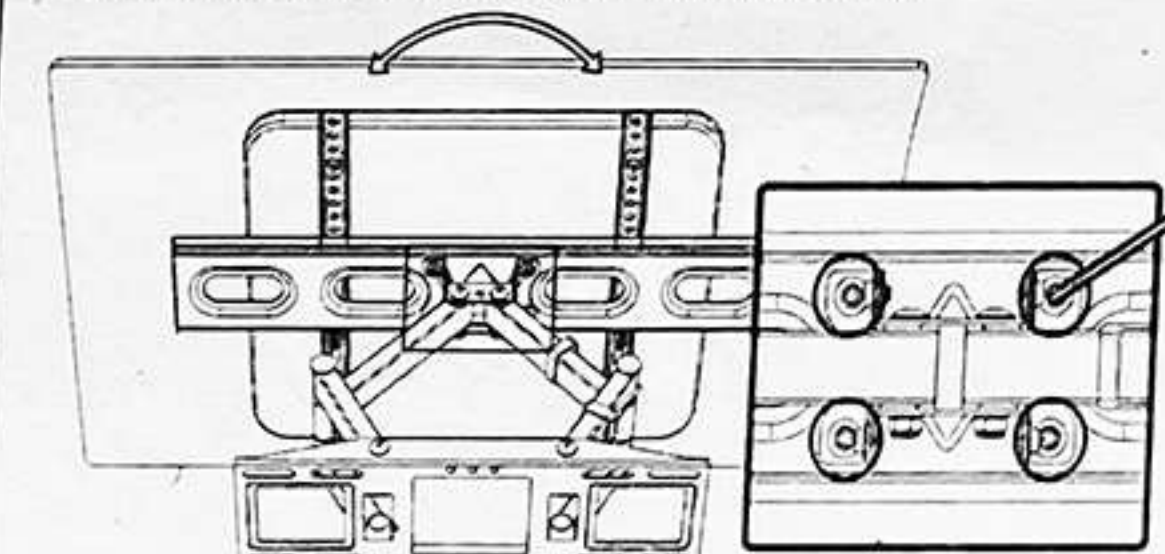

4. Adjust the Tilt Tension and Horizontal Level

- ① Loosen the 4 nuts on both sides counterclockwise with a allen key to adjust the tilt angle.

- ② Slightly loosen the four locking / leveling nut on the back of arm plate counterclockwise to initiate screen leveling.

CAUTION

Attention!

(If there is any discrepancy between the picture and the real thing, please take the real thing as the standard.)

WARNING! If not assembled or installed properly, this could result in serious injury, death or property damage. Please read the instructions and warnings carefully before assembly or installation.

- We are only suitable for solid load-bearing walls. Cavity walls, foam walls and other special walls must be guaranteed to be load-bearing before installation, and the accessories required for installation should be equipped by yourself, otherwise it is not recommended to use.
- We recommend that this product is only installed by a professional installer in accordance with the installation instructions. Please contact the seller if you have any questions or concerns about the installation information.
- Do not assemble or install the product or accessories if they are damaged or missing. If you need replacement parts or other, please contact your local dealer for assistance.
- Do not use this product in any other area than that for which it is designed.
- This product is designed to contain sliding parts and should be used with care for safety. Swallowing may result in a choking hazard. Keep out of reach of infants and young children.
- For safety reasons, please check the product regularly (at least every three months is recommended).
- The manufacturer hereby declares that it cannot be held liable for any damage or injury caused by modification of the product, or by improper installation, or by installation exceeding the maximum load capacity indicated for the product, or by improper use which results in wear and tear or destruction of the product.
